

Aria Hotels adds to its Santorini property portfolio

Former winery is Aria's next Cycladic boutique hotel

Athens, November 8, 2019 - [Aria Hotels](#), the privately-owned boutique hotel and villas company known for its emphasis on authentic hospitality, adds to its Santorini portfolio. The latest property to be added is 'Finikia Residence' in the tranquil village of Finikia on the north coast of Santorini, 10 kilometres northwest of the capital Fira and very close to the iconic village of Oia. It is perfectly located for exploring the beaches on the island's northeast coast and is one of three Aria properties on Santorini. Finikia Residence is a worthy addition to Aria's collection of hotels and villas for the discerning traveller across mainland Greece and the Greek islands.

In the past, the property operated as a traditional winery or 'canava' and sold both wine and bread. Nowadays, the extensive space has been turned into a self-contained studio, including an indoor shower, separated by a partition wall that stands in the place of the old grape press.

'Finikia Residence' has diverse architectural influences and includes rare artefacts, collected by the sea Captains that used to live in the property. Finikia Residence has been renovated with meticulous attention to detail. The property's terrace offers stunning views of seven islands, and features a large hot tub.

Aria Hotels is a family-owned boutique hotel and villas company that offers holidaymakers authentic hospitality experiences and the ultimate in simple, effortless charm. The company has numerous hotels and villas in exceptional destinations of unique natural beauty throughout Greece: Athens, Cyclades, Crete, Epirus and the Peloponnese. Following the recent establishment of Aria Hotels in Spain, guests will soon be able to sample a new flavour of authentic hospitality. Aria locations are chosen to appeal to discerning travellers looking for discreet hideaways.

The Aria Hotels philosophy is founded on three principles: respect for the environment, an appreciation of culture, and a passion for discovery. Each hotel has been selected for its architectural merit and its contribution to the preservation of local heritage. Outstanding quality in service and accommodation are the core of the Aria Hotels experience.
